

Seeking an internship where I can apply my **unique design** experience and **tireless** work ethic to the field of User Experience design

Skills

Courswork

Intro to Cognitive Science Web Design Nature of Mind Object Oriented Programming
Visual Communications Perception Structure & Interpretation of Computer Programs
Data Structures & Algorithms Brain, Mind, Behavior 3.7 GPA

Projects

The Butcher Shop

Present complex information in an **intuitive manner**, allowing users to explore the intricacies of butchery while garnering a **clear understanding** of where their food comes from. Inspired by mid-century graphic design to **evoke an era** when butcher shops were ubiquitous and food was less industrialized

Craigslist Redesign

Redesign Craigslist to **streamline user experience** by removing the clutter the original website is notorious for. User is greeted with image that depicts surrounding neighborhood, reflecting Craigslist's dependence upon community to supply content. Listings highlight **essential information**, allowing user to navigate site **efficiently**

Work Experience

Crescendo! Studios, Audio Engineer

Sound **design**, mix, and record for clients including Adidas Anheuser-Busch, Nike, Sprint, and others. Assist in creating **auditory experiences** to enhance the **vision** of creative agencies while adhering to the demands of their clients

The Fifth Quarter, Sous Chef

Collaborate with owner to produce artisanal line of charcuterie to **build brand** and garner support for funding brick and mortar store. Ensure **quality and aesthetic** remain consistent across product line

Boccalone, Lead Butcher

Train staff as production scaled to meet consumer **demand**. Ensure production goals were met with input from owner and plant manager. Participate in specially curated events, showcasing both **product and philosophy** of the company

Belcampo, Assistant Butcher

Assist in opening of inaugural store. Help manage and train junior staff. **Design displays** to enhance customer's experience, while adhering to company's vision. **Educate** customers in how to prepare an unfamiliar product, ensuring **trust** to cultivate brand loyalty.
